TACT, TACTICS, AND TRUST™

POLICE TRAINING SYSTEM
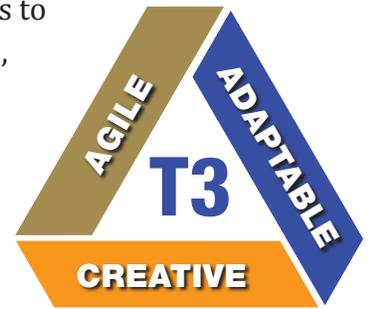

TACT — TACTICS — TRUST — T3

WHAT IS T3?

T3 is an evidence-based police training system that combines social, tactical, and decision-making skills into a unified program. T3 uses scientifically validated methods to strengthen officers' capacity to be agile, adaptable, and creative in situations where safety, communication, and trust are essential. Our classes use an interactive, hands-on approach that systematically develops officers' ability to integrate tact, tactics, and trust. Whether the situation is a victim interview or potentially lethal encounter, T3 builds skills that help create positive outcomes across the full spectrum of police-community interactions.

AGILE — ADAPTABLE — CREATIVE — T3

T3 has received major funding from the U.S. Department of Justice to support some of the nation's leading officer safety, de-escalation, and police reform initiatives.

T3 has been delivered at dozens of police agencies across the U.S., and has earned praise from executive leaders, supervisors, trainers, line officers, and community members.

> *"This training will save lives, not just those of law enforcement, but those of the public."*
>
> *– Police Officer, NYC Area*

T3 provides a flexible, scalable training framework for improving the safety and outcomes of police-community interactions. T3 can be used in academy, field training, in-service, roll call, or any other law enforcement training environment.

T3 is the only police training program of its kind to undergo an independent, U.S. DOJ-funded scientific evaluation. Results from the evaluation show that officers who completed T3 training prioritized procedural justice over physical control.

"A fantastic, functional, inspirational course on every level. The instructors were each phenomenal, engaging, energizing and motivating!"

– University Campus Officer, MN

7 CORE PRINCIPLES

T3

TACT • TACTICS • TRUST

- NEVER HUMILIATE
- BE BALANCED
- BE REAL
- SELF-CONTROL
- BE SMOOTH
- BE EMPATHETIC
- POSITIVE EFFECTS
